

“The first spa was wrong. The second spa was wrong. The third spa was Wright!”

Jane and Leon Grace, Methven. Proud owners, Grace Building Construction and now a HotSpring Vista spa.

Jane and Leon just love the relaxing and therapeutic benefits of their third and best spa. As Leon says, “The power of the jets and the back massager (as below) are what I really look forward to at the end of a physically demanding day.”

After suffering cleaning problems and high running costs with two previous brands of spas, Leon and Jane Grace decided (as they put it) to go for ‘The Rolls Royce of spas’. That, of course meant a HotSpring Spa, purchased from, of course, Wrights.

Says Jane, “What an eye opener that was. For instance our old spa had one filter. The HotSpring spa we bought, has 5, with auto cleaning!”

Leon continues, “To top it off, the folks at Wrights were absolutely fantastic. And when it came time to install it, they spent a day bringing the spa down, installing it, doing the water tests and carefully explaining the maintenance procedures, which even for me are easy to follow.”

Jane adds, “Compare this to our previous spa which just arrived one day - literally dumped, the spa cover ripped and no instruction manual.”

Which is why Leon has no hesitation saying, “If you’re thinking of getting a cheaper spa - ring me and I’ll tell you why not.”
